Joshua 4:24, “That all the people of the earth might know...”

July—September 2020

Dear Pastors, friends and ministry supporters,

Luke 19:17, “And he said unto him, Well, thou good servant: because thou hast been faithful in a very little...”

During these difficult times this is our heart, our desire, our passion: to be faithful to the calling and ministry the Lord has given us. When it seems we have reached the bottom and there is very little hope — stay faithful! God is looking for those who will be faithful to Him and His calling. He will reward us if we “faint not” (2Corinthians 4:16).

We are happy to report that the VBS season in Venezuela and Ecuador has already begun. In addition to the VBS Programs, our teams have also been conducting Bible studies and Kids Bible Club meetings in Venezuela, Ecuador, Peru and Panama. We have had to make special arrangements for proper Covid protocols in these countries, but God has kept the ministry going forward. We praise the Lord for His faithfulness and for the faithfulness and hard work of the ministry teams. Please pray that many children will come to Christ during these days.

Please pray for the ministry in India. Everyone, especially the boys, are doing well and God is working there. We are in the process of meeting some of the government requirements for the children’s home and ministry. It has been a difficult time. God knows what we need! Please help us pray. This is a critical time for Christianity in India.

I leave you with the same closing thoughts as our last letter:

Though we do not know what tomorrow may hold, I am glad that God does and that He continues to help us as we endeavor to serve Him. Please keep these and the other ministries in your prayers.

Because of Calvary,

Steve & Janet Harper
